Slaying of Two White Men by Negroes Results in Oklahoma Town Being Placed Under Martial Law

ROYALIST TROOPS TO ATTACK CITY OF OPORTO, PORTUGAL

NEGROES THREATEN TO WIPE OKLAHOMA TOWN OFF THE MAP

National Guard Ordered Out to Quell Disturbance Caused by Miniature Race War in Which Two Whites and One Negro Are Killed—Town Under Martial Law

(Western Associated Press.)
Muskegon, Okla., Oct. 23.—Company F, Oklahoma National Guard, has been ordered to assemble at once and proceed to Coweta. A special train is being sent to convey the troops.
What militia can be gathered tonight is being rushed by special train to the assistance of the white population at Coweta, Okla., where a large number of armed negroes from surrounding points are hastening to the town to assist in the battle against the whites.

Besides the killing of the city attorney and the lynching of him a number of other persons have been shot in the fighting, according to reports received here.
The negro population, which is infuriated by the killing of Suddeth, has sent out runners to all nearby towns to call for aid in fighting the whites and make good their threat to wipe the town off the map before morning. The outbreak has been looked for by the whites and they are now short of ammunition for such a conflict as is anticipated. In case the negroes secure the help from outside and fire the town the situation would be grave, as the town has little fire protection.

Under Martial Law.
Oklahoma City, Okla., Oct. 23.—The company of militia sent to Coweta reached there at midnight and placed the town under martial law. Everything is quiet.
Negro is Killed.
Coweta, Okla., Oct. 23.—Ed Suddeth, a negro, was shot to death tonight by a mob of citizens who followed him from their homes and shot him to death this afternoon between races in which Suddeth killed J. D. Deavers, city attorney, and wounded Garrison.

ROYALISTS ARE FAR FROM DISCOURAGED

Although Defeated in Initial Battles of Campaign Prepare to Send Battalion of Troops to Capture Oporto—Government Will Shoot All Rebels

Lisbon, Oct. 23.—(Via the Frontier).
—As the failure of the royalist campaign appears more and more certain the people in general continue completely indifferent to the royalist struggle.
One additional reason for their apathetic attitude is to be found in the Spanish government's apparently decided to take active measures against any individual discovered conspiring against the republic and its interests.
The royalists have suffered further discouragement on the frontier for the Spanish government apparently decided to take active measures against any individual discovered conspiring against the republic and its interests.

Why Spain is Reluctant.
Spain's reluctance to act against the Portuguese royalists until lately has been due to the fact that the Portuguese republicans have been in correspondence with the Spanish government. This the Spanish government could not approve, and therefore was inclined to let the Portuguese republican government fight its own battles.

FIRE IS DISCOVERED ON GERMAN WARSHIP

(Western Associated Press.)
Kiel, Oct. 23.—Fire broke out today on the German cruiser Ota det Tann, starting in the bow, oil and alcohol steam room and burning furiously half an hour. The danger to the cruiser is not great. It is supposed that the fire was due to spontaneous combustion.

A fire similar to that on the Von der Tann and having its origin also in the steam room is believed to have been responsible for the explosion which wrecked the Liberté, one of the first vessels in the French navy on September 25, 1911. The disaster of the French warship resulted in the death of nearly 250 men and the serious injury of scores of others.

TO STUDY LLOYD-GEORGE'S BILL.
London, Oct. 24.—Frederick Townshend, member of the House of Commons, will devote some time to a study of Chancellor of the Exchequer Lloyd-George's insurance bill, when he returns to America, he will start a campaign for the adoption of a similar measure on lines especially applicable to America.

AGED CHICAGO BANKER RECENTLY PAROLED DIES AT HIS HOME

John R. Walsh, One-Time Prominent Financier, Dies at His Home in Windy City as Result of Privations During His Term at Military Prison—Brilliant Career

(Special to the Capital.)
Chicago, Ill., Oct. 23.—John R. Walsh, former banker, publisher and railroad owner, released a week ago from Leavenworth federal penitentiary, died today of heart failure. Mr. Walsh had been in bed most of the time since his arrival here from Leavenworth, Oct. 15. He had been attended constantly by physicians. Reports that Mr. Walsh was falling in heart during his incarceration had been denied at the penitentiary. On his release it was plain that he was old and he gave in to the strain of his position as a financial leader and took to his bed.

When John R. Walsh entered prison he was an old man 75 years of age. The sentence of five years had been imposed on him for embezzlement of bank money to save himself from the cruel threatened because of the activity of interests more powerful than himself. The great financial institutions which he had founded after his phenomenal rise from the station of a boy, were tottering under the strain of the unscrupulous. The desperate measure resorted to by Walsh brought about his downfall, and he was the first of the big bankers to be sent to prison.

Beginning at the bottom, John R. Walsh worked, fought his way upward until he owned a bank, a newspaper and a railroad. He came to this country in 1849 when twelve years old, he started as a newsboy in Chicago. By sheer aggressiveness he out did his older competitors and made himself a place as a newspaper dealer in the downtown district in Chicago. He soon acquired a branch news stands and a periodical store.

Walsh was quick to see an opportunity and grasp it. He recognized in the civil war a chance to increase the scope of his business. The country districts wanted all the news they could get of the field, and Walsh set about to supply this demand. He founded the Western News Company and covered the entire west.

Bought Chicago Herald.
His ambition led him from the building of newspapers to the building of a newspaper. He saved enough to buy the Chicago Herald. He turned it from a comparatively unknown sheet into one of the biggest newspapers in the city. Finally he sold it out, previous to his consolidation with the Chicago Times. After launching the Post and selling it, he started his third newspaper, the Chronicle.

Walsh's first political position he obtained in 1879 after having made

HOSPITAL SHIP IS OFF FOR BENCHAZI

REPORTED THAT ITALIANS HAVE LOST VERY HEAVILY—CHRISTIANS REPORTED MURDERED.

(Western Associated Press.)
Tripoli, Oct. 23.—There are good grounds for believing that the Italian forces at Benghazi have been handled severely by the Turks and their Arab auxiliaries. It is understood that the Italian losses are much heavier than officially reported. Color is given to this belief by the hurried departure for Benghazi of four warships and the hospital ship Marschall.

Pierce Engagement.
Tripoli, Oct. 23.—The fighting at Benghazi has been the fiercest since the outbreak. After an engagement, which lasted all day, October 19, the Turks returned to the charge during the night. They made a savage onslaught upon the Italian camp, but were repulsed. In the morning the Italian forces recaptured the city. The Turkish losses were very heavy and the Italian dead numbered about 100.

A Sanguinary Fight.
Berlin, Oct. 23.—A special dispatch from Tripoli reports a sanguinary fight on Thursday night near the town. The Turks surprised the Italians who were found between two fires. Fifteen Italian soldiers were found dead in the trenches and many dead and wounded were transported to the warships. Another dispatch says that the Turkish garrison at Benghazi is offering vigorous resistance to the Italian troops and is being aided by tribesmen.

Friendships in both parties. At first he was a devoted later a republican and eventually became known as a tickle man likely to change his affections any moment. His initial political position was as a member of the board of commissioners of South Park. Many thousands of dollars were in control of the board and Walsh was a part of it. His influence caused a friend of his to become a member of the board of three and he thereby obtained domination of it.

It was then he founded the Chicago (Continued on Page Eight).

VANCOUVER MAY BUY STREET RAILWAY

WILL PROBABLY SET ASIDE \$500,000 YEARLY AS SINKING FUND FOR THIS PURPOSE.

(Western Associated Press.)
Vancouver, B.C., Oct. 23.—It is probable that Vancouver will follow Calgary and have a municipally owned street railway. At a civic committee meeting yesterday a resolution was passed requesting the city solicitor to prepare a charter amendment whereby the city shall set aside not less than \$500,000 annually, as a sinking fund to provide for the purchase of the C. C. Electric railway company and its equipment, at the expiration of its franchise in 1912.

CHINA'S ROYAL FAMILY WILL TAKE REFUGE ON BOARD U.S. WARSHIP

Revolutionists Defeat Imperial Troops in Score of Battles and Manchu Dynasty is Now Known to Be Tottering to Its Fall—Government Short of Supplies

(Special to the Capital.)

Peking, Oct. 23.—With the reports received here of the disastrous defeats suffered by the government troops at the hands of the rebels at In Chang and Hankow there is little question but what the government will ask for a cessation of hostilities and attempt to make terms with the revolutionists. Everywhere discontent is spreading and the imperial troops are now so honeycombed with rebels that the minister of war is at his wits' end as to what to do. Coupled with this is the fact that the government is short of money and is having grave difficulty in financing to meet the payments on the Boxer loans. The troops are short of ammunition and supplies are running low. It is stated on good authority that the rebels will refuse to make terms with the imperial government. They are determined that the Manchu dynasty shall be eliminated and a republic set up in its stead.

The royal family have all arrangements made to vacate this city in case of its being attacked. The ministry has approached the admiral in charge of the American squadron and has been assured that the royal family will be taken on board whenever they so desire. It is rumored here that a large detachment of American marines from Manila have landed at Hankow to protect foreign interests.

IMPERIAL TROOPS ARE ROUTED.
(Western Associated Press.)
London, Oct. 23.—A dispatch from Peking says strong rebel detachments attacked the Northern Army on Thursday and Friday. The fighting lasted six hours on both days and it is estimated the killed or wounded on both sides numbered 500.
"It is now evident," says the dispatch, "that the rebels are strong and that the government was too optimistic to win. Gen. Yang Chang has made requisition for more artillery and the headquarters of the Northern army remain at Sing Yang Chiao, proving that Yang Chang considers his forces inadequate to assail the rebels, who are difficult to get at."

So Ching considers every Frenchman, every American and British doctor, six Chinese doctors and nurses. They will treat the wounded on either side. It is calculated that the government forces have lost about 1,000 men. The Peking correspondent of the Times writes that the rebels are only as far as Sing Yang Chiao, says the advanced guard of the imperial force has reached Kowloon Shan.

"The expeditionary force," says the correspondent, "is now complete, it consists of less than 20,000 fighting men, including those guarding the communications. The retreat of the imperial forces guards the Yellow river and provides an escort for Gen. Yin Yehang, who inspires little confidence in China and there are forty-two mountain guns at Kwang Shui. Twenty-four of which are mounted on the hills to protect the line."

Some difficulty is expected owing to the lack of ammunition. The personal supplies of the rebels are abundant. Not only is there fear of a revolt especially in the rear of the expeditionary force, but there are other elements of danger. Insufficient ammunition, growing disloyalty and financial difficulties are expected to hamper the military success at Hankow has put new heart into the rebels and rendered increasingly certain arising from the aspect of the situation. The correspondent gained an impression of the vast extent of the revolutionary struggle. The correspondent gained also the impression that the government will endeavor to make terms with the revolutionists rather than pursue military measures.

Republic's Flag Displayed.
New York, Oct. 23.—The flag of the new republic of China was displayed today at a meeting held under the auspices of the New York branch of the Young China association of the revolution. It is red with a blue field in the center and a white sun in the middle. The place of the stars has a white sun in the middle of the American flag.

MAYOR OF ELBOUF COMMITS SUICIDE

WAS CRAZED WITH GRIEF BECAUSE MUNICIPAL GAS PLANT FAILED.

(Western Associated Press.)
Paris, Oct. 23.—Grazed with grief over the failure of his cherished plan for the municipal ownership of the gas company, M. Mouchet, mayor of Elbouf, committed suicide today with a revolver in the cellar of the town hall.

When the town council met October 10, Mouchet was compelled to admit that municipal ownership, so far as Elbouf was concerned, was a flat failure. The men did not work so well as city employees as they had when the gas works was owned by a private company and the loss to Elbouf amounted to 45,000 francs. To meet this and other deficiencies the town was compelled to put a loan of 200,000 francs and Mouchet, who was a deputy was greatly affected. The failure of his measures preyed upon his mind until he put an end to his troubles.

SHIPPING HORSES TO BRITISH COLUMBIA.
Brendon, Man., Oct. 23.—Many shipments of heavy draft horses are being made from this district to British Columbia, which goes to show that the interest in horse breeding industry is steadily increasing here.

Horses that are being shipped this year are heavier and more uniform in every way.

PRESS AGENTS SAY

AT GARLAND.

This entertaining picture theater is without doubt among the foremost in the city today. Having recently installed one of the latest electric devices known as the reflector, which, in conjunction with the latest projection machine gives pictures that are perfectly flickerless and clear. Among their program today may be seen the world famous Charles Dickens' masterpiece, David Copperfield. The film starts with the time Aunt Betsey, an eccentric spinster, battles her niece against the winduppane, before she enters the Copperfield home, over which the stork is hovering. Aunt Betsey, in anticipation of a birth, had set her mind on a girl—because she adores boys. When it is therefore announced that the stork has brought a boy, she vanishes from the house like a disappointed fairy. David's mother is a helpless young woman, harried and unassertive. She married a diletante gentleman, who dies before David is born. Eight years after David's birth, she is harassed by the attention of Edward Murdstone, who is ardent in his courtship because the widow's money is such a tantalizing incentive. David shows his dislike for Mr. Murdstone. His mother marries, however, while he is absent, to a Yarnmouth. Here he meets heavy fish-folk—among whom he finds little favor.

With the marriage of his mother to Murdstone begins a series of hardships which finally end when his mother dies. After his mother's death, Mr. Murdstone places him in a lock-up factory, but David runs away and finds refuge with his Aunt Betsey. Also may be seen the extraordinary biograph war picture entitled "His Trust." The program closes with a laughable comedy by Kalem "The Promoter," making truly a splendid exhibition of Gleanograph display.

AT THE LYCEUM.

The Lewis and Lake company will close their engagement of the Lyceum theatre this week and will offer for the first half of the week the biograph production "Are You a Moose?" which is without doubt one of the best comedies ever written as the dialogue fairly bristles with witty lines and funny situations. "Are You a Moose?" is an exception to most of the musical plays as it has a well defined plot which runs through the entire length of the show. The story of the piece is about a father and his son-in-law who use as an excuse to their wives for staying out late at night that they are attending a meeting of the Moose Lodge, which in reality neither use has the remotest idea of its aims or purposes. Their troubles begin as the wives of the order. A liberal allowance for several catchy musical numbers is given to the scene which is a number of the order. A liberal allowance for several catchy musical numbers is given to the scene which is a number of the order.

The chorus will appear in new ensembles and dances which have been arranged by Miss Mary Lou Lake who is without an equal as a chorus director.

Monday evening the Moose Lodge to attend the study and the house will be decorated with their colors. For the last half Manager Lewis will present his most successful comedy named "The Tourists."

AT EMPIRE TONIGHT.

At the Empire theatre tonight The Majestic Stock company will present for the first time in "The City Girls," written by Clyde Fitch. This is one of the best hits that this company will offer to the public while they stay in Edmonton. As this will be the last week of this company you do not want to miss the chance of seeing them as they are one of the strongest stock companies that have been hobnobbing the boards of the Empire.

GOING TO EMPIRE.

This city will secure one of the strongest companies on the road when "The City Girls" comes to the Empire.

twenty players will produce "When Knighthood was in Flower" at the Empire theatre on October 30 and 31. It is said that this season's production is the most gorgeously equipped from a scenic standpoint since the original Julia Marlowe's production some seasons ago. The secret of this is easily explained. Mr. William K. Sparks has secured the original Marlowe mountings, costumes, scenery and properties, and he presents Miss Day, confident that the elaborate production will receive a most cordial reception from the theatre-goers of this city.

NORDICA LIKES ENGLISH SONG.

Madame Nordica, the foremost dramatic soprano of today, is truly versatile, aside from her vocal and histrionic powers. As the prima donna of a New England woman, she is above all else patriotic. Madame Nordica is endorsed as a Daughter of the American Revolution and also a Colonial Dame and her early Colonial documents form one of the most valuable collections in America. They comprise nearly one hundred framed specimens and include bills of sale, deeds of transfer, mortgage forms and special bills of sale, curiously worded and including the signatures of many of the historical celebrities of the Republic. They are all framed and hung on the walls of one of the rooms in the singer's palatial bungalow at Deal, N. J., which is the largest building of its kind in the world, having a frontage of twenty-eight hundred feet.

Naturally, Madame Nordica's patriotism is directed toward American music, and in connection with this the great singer says: "It is not fair to compare the work of our young American composers with the more mature works of a Wagner, a Verdi or a Puccini. I am an American singer and I sing Wagner and Strauss in German and Verdi in Italian. Why should I, myself, therefore, look contemptuously on while my mother tongue is sacrificed from the operatic stage. I sing and enjoy the best of others sing in French, Italian, German and those, but I do not like to have English forgotten."

"English properly sung is, with the exception of Italian, the most musical language in the world. We have none of the picturesque nasal sounds of the French, none of the floridly cultural notes of the Germans, or the somewhat unimaginable elements of the Russians. Why should we, therefore, neglect our own language? No, I shall persevere and look forward with joy to the day when I will be given equal chance of interpretation with other nations."

"THE EARL OF PAWTUCKET."

In "The Earl of Pawtucket," which comes to the Empire theatre November 2, 3, and 4 with Lawrence O'Rourke as the star in his famous role of Lord Cardington, we are to play so ingeniously contrived that the comedy possesses more fun and interest than one usually finds in a piece of this kind.

AT ST. JOSEPH'S CHURCH.

Rev. Father O. Gornelli, presiding, of the oblate order in Alberta announced yesterday at the two high masses that hereafter Rev. Father Gornelli, until, heretofore assistant parish priest for the past five years, will assume the office of rector of the progressive parish of St. Joseph. The Rev. Father gave well deserved notice to the new and rather shy rector, paying homage to his genial temper, to his experience of parish affairs and to his theological mastery.

At the evening service, Rev. Father Louis delivered a most interesting address on "Belief in God." It is rather to be regretted that he interrupted it so frequently to allow late comers to find suitable accommodation. Inside the brightly crowded edifice, the lecturer's delivery is free from sensationalism, inspiring appeals to the nervous sense of his hearers. Reasoning, conciseness are the striking features of his essay. He is marvellously conversant with the pulpit English, and was it not for some quaintness in his accents, one might ask whether he be truly a western Frenchman or rather not a Welshman.

Young men must well make it a Sunday evening practice to repair to St. Joseph's church, this coming season, and listen to what appears to be come a most promising and instructive course of lectures and studies on the evidence of Christianity.

For the purpose of furthering the Pigeon Lake water supply proposal, a meeting of rate payers of the city will be held on the evening of Tuesday, October 24th, commencing at half-past eight o'clock. Arrangements for the meeting have been made by G. H. May, who was instrumental in calling the meeting to discuss the water situation in Edmonton, when it was at its worst this summer.

John R. Moll, who was to have spoken evening, has sent word to Edmonton so. He will speak to the students in living in Strathcona on the afternoon at a banquet in the Y. M. C. A., this that it will be impossible for him to do.

NATIONALISTS HOLD BIG CELEBRATION

BOURASSA IS CHIEF SPEAKER AT GATHERING OF OVER 2000 IN CHAMBLAY, QUEBEC

(Western Associated Press)
Chamblay, Quebec, Oct. 23.—A big Nationalist demonstration with Henri Bourassa as the chief speaker, took place here Sunday in honor of J. H. Hainville, the new member who put the country of Chamblay-Vercheres in the list of opposition gains on September 21st. Messrs. Ducharme and Wilson urged the transformation of the series of clubs to add the speaking chairman respectively. The future campaign was announced. J. H. Hainville after thanking his friends for the demonstration, declared that the Conservative victory was a victory for the people over those who refused to consult the people of national issues.
Mr. Bourassa declared that his party would occupy the same position with regard to the Borden administration as they did in regard to the Laurier regime, and would hold themselves absolutely independent supporting the government only in such cases as they deemed they deserved support. Over 2,000 people attended the meeting.

ALDERMEN DECIDE THAT CITY MUST PAY COSTS

Pass Motion Instructing Secretary-Treasurer to Pay All Charges in Connection with Recent Bouillon Litigation—Delegation for Ottawa

On Saturday evening at a special meeting of the council, a bare quorum passed a motion granting the six aldermen upon whom the costs of the action of Gallagher vs. City of Edmonton and the four who upon whom the costs of the action of Fraser vs. City of Edmonton were laid by justices of the supreme court, reimbursement from the city treasury. The motion was carried in the face of a protest from the mayor and against the advice of Solicitor Down, who declared that should any rate-payer see fit to do so he could undoubtedly take action against the aldermen and recover the money.
The motion was pressed to the vote in spite of Solicitor Down's advice that the matter be left over until the had had an opportunity to report upon the legal aspect of such action. Alderman Hyndman left his chair in the council chamber while the matter was under discussion, disassociating himself entirely from the action of the four aldermen who seek by their motion to secure from the ratepayers monies which according to the explicit directions of the judgment handed down by Mr. Justice Street, should be paid out of the pockets of the aldermen themselves.

ONTARIO CANDIDATES ENTERING THE FIELD

Liberals and Conservatives Enter Provincial Campaign—Conservative Turned Down in Frontenac

(Western Associated Press)
Toronto, Oct. 23.—Conventions to nominate candidates for the Ontario Legislature were held in a number of ridings Saturday as was reported. West Peterboro Liberals chose R. B. Hall, ex-M.P., to contest the riding. Hon. J. B. Stratton, ex-M.P., and G. N. Gordon were nominated, but retired. Mr. Hall secured Sir James Whitney as responsible for his riding and schools and charged that the rural schools were neglected.
In South Wellington, the Liberals nominated J. James McIntosh, proprietor of the Guelph Mercury. McIntosh, after working on the Woodstock Review and Toronto Globe, was private secretary to Hon. J. G. Gibson, before taking over the Mercury, fourteen years ago.
Frontenac conservatives turned down their present member, J. S. Gallagher, M.P., and on the fourth ballot nominated A. M. Rankin, reeve of Kingston township by 21 majority over Mr. Gallagher.
Pool conservatives unanimously re-nominated Sam Charters, M.P., proprietor of the Brampton conservator.
South Brant Liberals last night nominated Alderman Maxwell K. Harris for the legislature. He is a brother of Lloyd Harris, the liberal member who broke with the Laurier government on the reciprocity issue.

all else with a white sun in the center.
Control Four Provinces.
Chang Shai with three hundred thousand population is the chief commercial center on the railroad between Hankow and Canton. It is the seat of Yeh-Hsiology, Chinese extension of Yale University. Chang Shai is two hundred miles southwest of Hankow, while Nan Chang was announced in despatches which reached this city early today. Chang Shai is the capital of the province of the Hun and Han Chang is the capital of the province of Kiang Si. The capture therefore delivers into the revolutionary hands of the imperial government of two imperial provinces, thereby more than doubling the territory in which the rebels are mustering.
The fall of Chang Shai and Nan Chang has been rumored here for a day or two, advice indefinitely confirmed that both cities are entirely in the hands of revolutionaries.
Four of China's 18 provinces are now regarded as under revolutionary influence. Szechuen, which movement started, Hui Pei of which Wu Chang is capital, Hunan and Kiang Su. The fall of Nan King, where the cartoon is regarded as siding with the revolutionists would deliver to them, the vice-royal government of two more provinces, Kiang Su and Nuan Hwei.

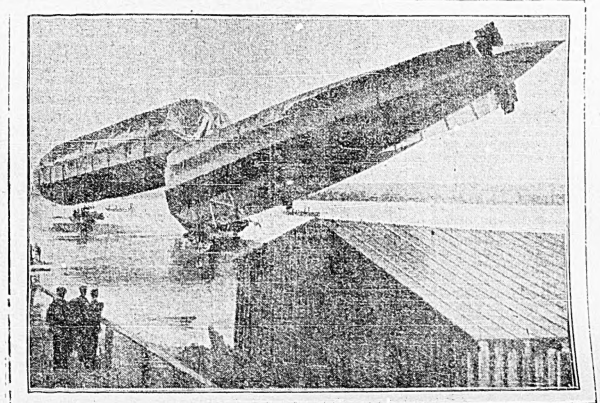

The entire Yang Tse valley is gradually succumbing to revolutionary infection. No uprising has yet been reported at Nan King, which is only 200 miles above Shung Hai, but there is every reason to believe that the question there cannot be relied upon by the imperial government.
Nan King is not only a great commercial center but is also the most important military depot in central China and its fall would be the most severe blow which the government has yet received.

Capture More Towns.

Shanghai, China, Oct. 23.—The occupation by revolutionists of two more imperial provinces, Kiang Su and Nan Chang, which reached this city early today, Chang Shai is the capital of the province of the Hun and Han Chang is the capital of the province of Kiang Si. The capture therefore delivers into the revolutionary hands of the imperial government of two imperial provinces, thereby more than doubling the territory in which the rebels are mustering.
The government is taking steps for the defense of Shung Hai, during the past few days there has been much activity around the arsenal. The situation is regarded here as the most alarming. It is generally admitted that unless the government succeeds speedily in dealing a decisive blow to its adversaries, the revolution will spread of its own momentum over a great belt of territory across central China. Refugees of all nationalities continue to flock into Shanghai from points up the Yang Tse river. They all agree that while the general appearance of things is quiet the sympathy everywhere is with the revolutionists and widespread support is given to the agents of the new movement.

Business is absolutely stagnated, even in cities on the Lower river, and commercial disposition in Shanghai is completely paralyzed. News from Hankow is greatly delayed owing to the severance of telegraph lines. The nearest point this can be reached by wire from Shanghai is Kiu Kiang, 160 miles from Hankow. These dispatches are relayed by boat, a 19-hour trip. Telegraph wires out of Hankow were first cut by the commander of the government forces who set up the Hankow end of line in his camp giving him control of all messages. The rebels quickly learned of their situation and took the matter into their own hands by encircling the government camp and cutting the wires 25 miles from Hankow. The wireless from Hankow is not working satisfactorily.

ITALIAN DIRIGIBLE CAPTURED

ARABS CAPTURE ITALIAN AIRSHIP

DIRIGIBLE IS WRECKED AND HER CREW TAKEN AS PRISONERS OF WAR.

(Special to the Capital.)
Rome, Oct. 23.—One of the Italian dirigibles which was sent to Tripoli to assist the land and naval forces has been captured by the Turks, according to information received by the minister of war. While details are meagre it is stated that the dirigible was wrecked over the outskirts of Tripoli, in the hands of beating the Turkish and Arab troops, who came to within a few hundred feet of the ground and was not with a fusillade of shots which punctured the gas bag. The dirigible with her crew of five, consisting of the pilot and officer and three men, was forced to descend and before they could be effected the entire party was captured by Arabs and taken before the Turkish commander. They will be held as prisoners of war.

TUG IS CUT IN TWO BY STEAMER

ACCIDENT OCCURS AT ENTRANCE TO FRASER RIVER, SUNDAY AFTERNOON, DURING FOG

Vancouver, Oct. 23.—The steamer Troquais, running from Seattle to Vancouver, today ran down and cut in two the tug Noanaw, owned by J. A. Wilson, of this city. The accident occurred this afternoon in a dense fog at 4:30, off the mouth of the Fraser river.
The captain of the Noanaw and his crew were rescued without trouble. The Noanaw which was towing a barge went down in eight minutes after the crash.
When the Troquais loomed out of the fog and the Noanaw's crew saw that a collision was inevitable, the men rushed into the tug's bow to escape the flying timbers. When the tug sank, the Troquais took her large tow and proceeded to Vancouver, arriving at 7:30 o'clock. The tug was worth six thousand dollars and fully insured.

McDONALD SUSPENDED

Charges of Professionalism Are Laid Against One of Eskimos Best Players—There Is One

One of the Eskimo's most valued players, in the person of John D. McDonald, was suspended on Saturday only a few hours before the commencement of the game between the Eskimos and the Y. M. C. A., pending the investigation of charges of professionalism against him. Action was taken on the receipt of a wire by Secretary O'Donoghue, which advised that he was suspended, but did not state the nature of the charges or by whom preferred.

Action will be taken immediately to have the man cleared so that he can be reinstated in the game. He is a man that the Eskimos can ill afford to lose at this stage of the season's series of games. Mr. Ward, secretary of the Y. M. C. A. here, has written to Secretary Valentine, of Calgary, asking that an investigation be made at as early a date as possible. Mr. Ward is one of the board of governors of the Alberta Amateur Athletic association.

AMERICAN LEAGUE WON
Defeated National Team by a Score of 6 to 2, When Batteries are

Chicago, Oct. 23.—In a game in which the two teams exchanged batteries, the Chicago American League baseball team won from the Chicago Nationals today by a score of 6 to 2. The game was played at the U. S. Field House here. Frank Bell, formerly of Chicago American star, and now playing for the Nationals in the Western league, played first base for his old team.

After the game, Ed Walsh was given an automobile, purchased by his admirers.

DISPEPSIA—PROOF
How Any Man Can Be Thoroughly Enjoyed by Any Stomach.

Costs You Nothing to Try Stuart's Dyspepsia Tablets.
 Men, as a rule, are first discovered their enemies. Their antagonists turn up on the searchlight and the proof of merit will be in being able to stand the test.

It was in this way that Mr. White ever knew that dyspepsia was one of Mr. Black's worst enemies. Sitting in his office at a two-story table, he handed his afflicted friend the bill of fare.

Dyspepsia! Stuffed Olives. Boston Clam Chowder. Strained Corn. Sirloin Steak with Mushrooms. Roast Beef Hash. Boiled Oat Tongue with Sauerkraut. Lobster à la Newburg. Baked Potatoes and Beans. Combination Crab Salad.

Mr. White ordered a "little of each." Mr. Dyspepsia Black, covered his eyes and a glass of milk. "I had such a big breakfast this morning," he said, "that I'll just take a two-cent medicine."

But Mr. White could not be deceived: "I am afraid you will not stand the gleam, Mr. Black. Why don't you say you have dyspepsia and be done with it? You'll always have a hungry look anyhow as long as you have dyspepsia. Now listen. My stomach was in just as bad condition as yours at this time. But now I can eat anything, at any time. For instance this clam chowder or sirloin steak or even the lobster would be just as welcome to my stomach as your crackers and milk. You don't realize how this dyspepsia business is robbing you of your spirit, of your energy and ability. I think quickly. I can't help notice it. You haven't the cheer and sociability you had three months ago. Now I'll tell you what to do," and thereat the cheerful Mr. White took a little from his pocket and handed Mr. Black a box of Stuart's Dyspepsia Tablets. "There, there is a tablet that contains an ingredient, one grain of which dispels 3,000 grains of food. For even the worst dyspepsia it's the only thing that really gives relief. The reason it relieves the stomach is of nearly all the work it has to do, it digests everything in the stomach and stimulates the gastric juice. I can't get along without them. They are Stuart's Dyspepsia Tablets. You can get them anywhere on earth for five cents a package."

Yes, it is true, Stuart's Dyspepsia Tablets absolutely stop heartburn, nervousness, indigestion, dyspepsia, flatulence, all cramps and irritation, and restore and invigorate the stomach. They cheer you up, and make you get all the good things in your food. You will forget you ever had a stomach to worry you.

FORM WESTERN CANADA R. UNION

ORGANIZATION OF ALL WESTERN RUGBY CLUBS FINALLY COMPLETED AT REGINA

Regina, Oct. 23.—At a meeting of Western rugby clubs, held at the Hamilton Hotel here, in the chair, the Western Canada Rugby Union was organized. The territory covered at the present time extends from Winnipeg to Calgary and Edmonton, including Alberta, Saskatchewan and Manitoba. It is expected that by next year Western Ontario will unite. The officers elected for this season are: Hon. Freeman, of Winnipeg; first vice-president, S. S. Hamilton, of Moose Jaw; second vice-president, Vivian Graham, of Calgary; secretary, J. C. N. Galt, of Regina.

The trophy which will go to the winner of the Rugby Union Cup, which has as yet not been contested. The organization is adopting much the same constitution as that of the Canadian Rugby Union of Eastern Canada, and it is hoped that within the course of a year, the team will visit the East to contest for championship of Canada. The schedule for this year's winter season is: Eastern team to play Winnipeg Rugby club at Winnipeg November 11th, winners of this match to play Albert at the grounds of the team wanting the Saskatchewan series. This is arranged so that the Western team will meet the Eastern team, neither Winnipeg nor the winners of Alberta will have to make a long journey to the East.

As a Winnipeg has finished the schedule by November 4th, Saskatchewan will play a play sudden death game to break the tie which is assumed between Moose Jaw and Regina in order to decide their series in time.

A meeting of the Executive of the new union will be held at Winnipeg on Thursday day to complete the constitution and make full arrangements for the play-off between the winners of the three unions affiliated.

MARQUARD SHOULDERS BLAME FOR DEFEAT
 Says He Disregarded Signal for a Curve and as Result Baked Slammed it Over the Fence.

New York, Oct. 21.—"Tub" Marquard has no delusions as to who won the game. He says that he was a newspaper article printed here today the Giants' downfall says: "I did not see the signal for a curve, and I was not used to it. I think I was looking for a ball."

"It was my first appearance in a world's championship series, and I was against the Athletics, and my first innings was over I was a little up in the air. Then, look, the sun is in the pitcher's eye all the time at Shibe Park, and I was not used to it. I think I did not seem to mind it, and he pitched a wonderful game throughout. For my part I tried to put too much on the ball, and my nervousness rather surprised me into error which I have not made since I entered first company."

"In the fatal sixth I had got back my confidence and the team had gone out on fly balls to centre and right field, but my 'jump' ball was working fairly well, though I did not have the best of control."

JUPITER POWERS STOPS THE MATCH

FOURTH GAME FOR WORLD'S CHAMPIONSHIP WILL NOT BE PLAYED TODAY

Philadelphia, Oct. 23.—But he began falling here shortly before six o'clock tonight, effectively killed all hope that the grounds at Shibe park would be in condition tomorrow for playing the much-postponed fourth game of the world's championship baseball series between the Philadelphia Americans and the New York Nationals. Nature has done little to dry up the field, since yesterday's postponement. The drizzling rain, which fell all night finally ceased about nine o'clock this morning. Threatening clouds, however, continued to hang over the city.

CAUSE FOR ALARM
 Loss of Appetite or Distress After Eating a Symptom That Should not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons have moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contact serious ailments simply through over-eating or abuse of the stomach.

ARIZONA TO HOLD PRIMARY.
